Welcome to the

Ophthalmic Medical Technology Meeting

Sponsored by the Oregon Academy of Ophthalmology

March 13, 2020

President's Welcome Letter

Welcome to the 2020 Ophthalmic Medical Technology Meeting sponsored by the Oregon Academy of Ophthalmology! We hope this year's program will give you useful information and insights into the ophthalmic field. We want to thank the student volunteers from the Portland Community College Ophthalmic Medical Technology Program for their assistance. The Academy is especially grateful to the speakers who make this program possible by generously volunteering their talents and time to share their expertise with you. We invite you to visit the exhibitors in Cheatham Hall during your breaks.

Remember to sign in at the registration desk and hand in your evaluation before you leave in order to receive the continuing education credits you have earned. Keep in mind that you should retain the Credit Reporting Form you received should you ever be audited post-recertifying.

Sincerely,

Jennifer Lyons, MD
OAo President
