Welcome to the
Oregon Academy of Ophthalmology

2024 Post Graduate Convention

February 23-24, 2024

President's Welcome Letter

Welcome to OAo's 2024 Post Graduate Convention. Whether you are attending in person or via live stream, we hope our program will offer valuable insights into the ever-changing field of ophthalmology. The Academy appreciates the efforts of the Education and Executive Committees who have helped put together this program. We would especially like to thank our Planning Committee: Steven Mansberger, MD, J. Kevin McKinney, MD, Julie Falardeau, MD and Andreas Lauer, MD.

We value the contributions made to this conference by our exhibitors. Please visit our **2024 Exhibitors** to see information on the latest equipment, software, pharmaceuticals and other eye care products available.

Please make sure to sign in each day with your full legal name and license and remember to complete the Online Course Evaluation in order to receive the **AMA PRA Category 1 Credits™** you have earned. Please complete your CME Certificate (which will be emailed to you once you complete the online course evaluation). If you have any questions about the program, please do not hesitate to ask me or the OAo staff.

Sincerely,
Jonathan Yoken, MD
OAo President

Accreditation: This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of the Northwest Permanente, PC Department of Continuing Medical Education & Professional Development (NWP CME & Professional Development) and the Oregon Academy of Ophthalmology. NWP CME & Professional Development is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Credit Designation: NWP CME & Professional Development designates this live activity for a maximum of **13.75 AMA PRA Category 1 Credits™**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Disclosure Statement: All individuals with control over the educational content of this CME activity have disclosed they have no relevant financial relationships with any ineligible companies. No one has disclosed any relevant financial relationships with the exception listed below:

- Wendy Lee, MD: Allergan, Galderma, Revance, Evolus, RoC, Tarsus, RVL, Solta, Horizon – Consulting Fee, Membership on Advisory Committees or Review Panels
- John Gonzales, MD: Dompe - Consultant (corneal neuropathy) - no fees received

All relevant financial relationships with any ineligible companies have been mitigated by the planning committee in accordance with the policies of NWP CME & Professional Development and the ACCME.

Disclosures

Disclosure Policy

It is the policy of Northwest Permanente, PC, Department of Continuing Medical Education & Professional Development (NWP CME & Professional Development) to ensure balance, independence, objectivity, and scientific rigor in all our educational programs. To comply with the Accreditation Council for Continuing Medical Education's (ACCME) Standards for Integrity and Independence, NWP CME & Professional Development requires everyone presenting, planning, and others in a position to control content of an NWP CME & Professional Development CME activity to disclose all financial relationship(s) current or within the past 24 months with ineligible companies. (ACCME defines Ineligible Companies as any entity whose primary business is producing, marketing, selling, re-selling, or distributing healthcare products used by or on patients). All conflicts of interest have been mitigated and resolved.

Faculty, planners, and others in a position to control content have declared that they will meet, uphold, and abide by all the ACCME's Standards for Integrity and Independence in Accredited Continuing Education. Please indicate in the comments section of the evaluation form if you detect any instances of bias toward products manufactured by Ineligible Companies.

Faculty Disclosures

Wallace L.M. Alward, MD

Dr. Alward does not have any financial relationships with any ineligible companies.

John Gonzales, MD

Dompe | Advisory Board Consulting

Linda Harrison, PhD

Dr. Harrison does not have any financial relationships with any ineligible companies.

Wendy Lee, MD

Allergan | Advisory Board Consulting
Galderma | Advisory Board Consulting
Revance | Advisory Board Consulting
Evolus | Advisory Board Consulting
RoC | Advisory Board Consulting
Tarsus | Advisory Board Consulting
RVL | Advisory Board Consulting
Solta | Advisory Board Consulting
Horizon | Advisory Board Consulting

Peter Quiros, MD

Dr. Quiros does not have any financial relationships with any ineligible companies.

Planning Committee Disclosures

Julie Falardeau, MD

Stoke Therapeutics | Clinical Trial Site PI
Research Support

Andreas Lauer, MD

Dr. Lauer does not have any financial relationships with any ineligible companies.

Steven Mansberger, MD

Glaukos | Membership on Advisory Committees or Review Panels
Nicox | Membership on Advisory Committees or Review Panels
Thea | Membership on Advisory Committees or Review Panels, Research (Legacy Health)

J. Kevin McKinney, MD

Dr. McKinney does not have any financial relationships with any ineligible companies.

Jonathan Yoken, MD

Dr. Yoken does not have any financial relationships with any ineligible companies.

OA Staff Disclosures

Amanda Dalton, JD, Executive Director

GSK | Lobbyist

Sabrina Riggs, Lobbyist

GSK | Lobbyist

Shelley Shirley, Events & Membership

Shelley Shirley does not have any financial relationships with any ineligible companies.

PGC Agenda | Friday, February 23, 2024

7:30 - 8:00 AM	REGISTRATION BREAKFAST EXHIBITOR VISITS	CME
8:00 - 8:05 AM	President's Welcome Jonathan Yoken, MD EyeHealth Northwest	
8:05 - 8:45 AM	Periocular Rejuvenation Wendy Lee, MD University of Miami Miller School of Medicine	.75
8:45 - 9:25 AM	Ocular Myasthenia Gravis - Diagnosis and Management Peter Quiros, MD Doheny Eye Center & Stein Eye Institute, UCLA	.75
9:25 - 10:25 AM	CASE STUDY: Expect the Unexpected Wendy Lee, MD University of Miami Miller School of Medicine	1
10:25 - 10:55 AM	BREAK EXHIBITOR VISITS	
10:55 - 11:35 AM	Vitreoretinal Lymphoma: Past, Present and Future John Gonzales, MD University of California San Francisco	.75
11:35 - 11:55 AM	Annual Business Meeting / Legislative Update Sabrina Riggs, Senior Legislative Advocate Dalton Advocacy, Inc.	
11:55 AM - 12:55 PM	LUNCH EXHIBITOR VISITS	
12:55 - 1:55 PM	CASE STUDY: Thoughts and Rants about Glaucoma Management Wallace L.M. Alward, MD University of Iowa Health Care	1
1:55 - 2:35 PM	Viral Anterior Uveitis: What You Should Know John Gonzales, MD University of California San Francisco	.75
2:35 - 3:05 PM	BREAK EXHIBITOR VISITS	
3:05 - 3:45 PM	Evaluation and Management of Eyelid Lesions Wendy Lee, MD University of Miami Miller School of Medicine	.75
3:45 - 4:25 PM	Gonioscopy with Techniques for Difficult Angles Wallace L.M. Alward, MD University of Iowa Health Care	.75
4:25 - 5:05 PM	Optic Neuritis New Diagnostic and Treatment Paradigms Peter Quiros, MD Doheny Eye Center & Stein Eye Institute, UCLA	.75
5:05 - 7:00 PM	HOSTED RECEPTION - DISCOVERY MUSEUM	Day 1 CME Total 7.25

PGC Agenda | Saturday, February 24, 2024

7:30 - 8:00 AM	BREAKFAST EXHIBITOR VISITS	CME
8:00 - 8:40 AM	Protecting the Corneal Realm: Eyelid Malposition and the Ocular Surface Wendy Lee, MD University of Miami Miller School of Medicine	.75
8:40 - 9:40 AM	Case Study: Headache and Eye Pain Peter Quiros, MD Doheny Eye Center & Stein Eye Institute, UCLA	1
9:40 - 10:20 AM	Transient Vision Loss Peter Quiros, MD Doheny Eye Center & Stein Eye Institute, UCLA	.75
10:20 - 10:50 AM	BREAK & EXHIBITOR VISITS	
10:50 - 11:30 AM	Mitigation of Retina Claims Linda Harrison, PhD OMIC	.75
11:30 AM - 12:10 PM	Career Long Journey with a Glaucoma Family: The Story of Myocilin Wallace L.M. Alward, MD University of Iowa Health Care	.75
12:10- 12:40 PM	LUNCH & EXHIBITOR VISITS	
12:40 - 1:20 PM	Novel Insights into Infectious & Non-Infectious/Autoimmune Ocular Inflammatory Disorders John Gonzales, MD University of California San Francisco	.75
1:20 - 2:00 PM	Trabeculectomy: Still an Indispensable Option Wallace L.M. Alward, MD University of Iowa Health Care	.75
2:00 - 3:00 PM	CASE STUDY: Dry Eye Disease is Not all the Same-The Spectrum of Dry Eye John Gonzales, MD University of California San Francisco	1
3:00 PM	ADJOURN	Day 2 CME Total 6.5

2024 Program Objectives

- Learn techniques for gonioscopy, particularly in eyes where the view is confusing.
- Recognize that some forms of glaucoma are strongly inherited and may have specific effective treatments.
- Understand the role of trabeculectomy in glaucoma management and learn surgical pearls to make the surgery safer and more effective.
- Develop customized treatment plans for individual patients, setting a target pressure and making realistic interventions.
- Learn current and best practices of periocular rejuvenation, periocular lesions and eyelid malposition practices to optimize outcomes and provide safety for the patient.
- Learn to assess patients with periocular lesions and other anomalies. Develop a differential diagnosis and identify management options for each patient.
- Learn to consider vitreoretinal lymphoma under the appropriate clinical setting and identify the diagnostic testing that is needed to secure a firm diagnosis.
- Recognize that viruses are an important etiology in anterior uveitis. Learn about helpful clinical clues and when to consider anterior chamber paracentesis for directed nucleic acid amplification testing.
- Ability to perform a complete work-up and treat all cases of optic neuritis.
- Learn about the progress being made in understanding how pathogens and/or gene transcription products can give insights into more precisely characterizing ocular inflammatory disorders. Identify scenarios where additional molecular testing may be indicated for patient care.
- Identify helpful tests and questionnaires in order to recognize different subtypes of dry eye. Learn what therapies may be most suitable depending on dry eye subtype.
- Learn ability to diagnose and treat ocular myasthenia gravis.
- Learn to assess stroke risk factors and activate stroke pathway evaluations in patients with transient vision loss.
- Learn when to suspect secondary causes of primary headache and initiate corresponding work-ups in order to avoid potential neurologic deficits and excessive testing.
- Learn about the conditions that contribute to safety protocol failures, and ways to mitigate the probability of those failures; the role of informed consent and documentation of patient care in defending a claim; and the principles of disclosure of unanticipated events and human error.

2024 PGC Faculty

Oculoplastics

WENDY LEE, MD

Wendy W. Lee, MD, MS, is Professor of Clinical Ophthalmology and Dermatology at the Bascom Palmer Eye Institute at the University of Miami Miller School of Medicine. She serves as director of the Bascom Palmer Aesthetic Center and co-director of the university's Cosmetic Medicine Group, a multidisciplinary group comprised of the ophthalmology, dermatology, ENT, and plastic surgery departments.

Dr. Lee earned her medical degree from Tulane University School of Medicine, in New Orleans, Louisiana, and a Master of Science degree in physiology from Georgetown University in Washington, DC. She completed both her residency and internship at Tulane, and a fellowship in ophthalmic plastic and reconstructive surgery at the Bascom Palmer Eye Institute.

Dr. Lee conducts research at the Bascom Palmer Eye Institute with special interests in eyelid reconstruction, the aging eyelid skin, and aesthetic lasers. She also lectures around the world on oculoplastic disorders and aesthetic treatments related to the eye. She's been published extensively, both in peer-reviewed journals and in teaching text books. She also serves as chief medical editor for *FacialAestheticsCE* and as a section editor for *Ocular Surgery News*.

Dr. Lee serves as a key opinion leader for many aesthetic and functional companies. She has received the Achievement Award from the American Academy of Ophthalmology, The Henry Baylis Award for Excellence in Cosmetic Surgery from the American Society of Ophthalmic Plastic and Reconstructive Surgery, Professor of the Year Award from the residents at Bascom Palmer Eye Institute, Outstanding Alumnus from the Tulane University Department of Ophthalmology and was featured on CNN for her charitable work on patients from developing countries, among other honors.

Neuro-Ophthalmology

PETER QUIROS, MD

Dr. Quiros obtained his MD from The Yale University School of Medicine. He trained at the Los Angeles County Hospital/ University of Southern California residency training program and then proceeded to complete his neuro-ophthalmology fellowship at the Doheny Eye Institute.

Dr. Quiros was on the faculty at the University of Southern California for over a decade, where he was the Residency Program Director. He is currently Associate Professor at the University of California, Los Angeles and Director of the Neuro-ophthalmology Fellowship Program as well as Chief of Service for Neuro-ophthalmology, Orbit and Oculoplastics for Doheny Eye Centers UCLA.

Dr. Quiros served as Associate Secretary, English-language Region for the Pan-American Association of Ophthalmology (PAAO) from 2005 -2011 and Vice-President of the organization from 2011-2013. He is currently the Secretary of the North American Neuro-Ophthalmology Society. He has been working with the PAAO and International Council of Ophthalmology (ICO) to improve the quality of residency education through the Educating the Educators teaching program. He is currently the Director of Curricula and Expectations for Training Programs for the International Council of Ophthalmology. Dr. Quiros has been recognized internationally for his contributions to the future of residency education and is a recipient of the ICO Mark Tso Golden Apple Award for Medical Educators.

2024 PGC Faculty

Glaucoma

WALLACE L.M. ALWARD, MD

Wallace L.M. Alward, M.D. is Professor Emeritus at the University of Iowa, where he was the Director of the Glaucoma Service from 1987 to 2020. Dr. Alward has co-authored more than 150 peer-reviewed papers that have been cited over 12,000 times. The primary focus of his research has been the molecular genetics of glaucoma. He and his colleagues first described several glaucoma genes including myocilin, PITX2, FOXC1, and TBK1. He has authored two textbooks (*Color Atlas of Gonioscopy* and *The Requisites: Glaucoma*) and one iBook (*The Iowa Glaucoma Curriculum*). He maintains two websites: one to teach gonioscopy (www.gonioscopy.org) and an introduction to glaucoma for residents (<http://curriculum.iowaglaucoma.org>). Dr. Alward served as a Director of the American Board of Ophthalmology from 2006 to 2013 and was Chair in 2012. In 2016 he received the inaugural Educator Award from the American Glaucoma Society. He has given 26 named lectures including the Hans Goldman Lecture of the Glaucoma Research Society. In 2022 he was the Guest of Honor of the American Glaucoma Society.

Uveitis

JOHN GONZALES, MD

Dr. Gonzales is an Associate Professor of Ophthalmology at the Francis I. Proctor Foundation at the University of California, San Francisco specializing in uveitis and medical cornea. He has been supported by an early career award from the National Institutes of Health – National Eye Institute to study the spectrum of keratoconjunctivitis sicca in Sjögren's syndrome utilizing the Sjögren's International Collaborative Clinical Alliance (SICCA) cohort. Dr. Gonzales is also the PI for an international randomized clinical trial evaluating treatments for cytomegalovirus anterior uveitis in immunocompetent individuals. Dr. Gonzales's interests also extend to ocular oncology, specifically primary vitreoretinal lymphoma, and he is interested in how clinical features may be correlated with mutations associated with lymphoproliferation as well as resistance to chemotherapeutics.

Dr. Gonzales is a Section Editor for *Current Opinion in Ophthalmology*, Associate Editor for the *Journal of Ophthalmic Inflammation and Infection* and is the uveitis fellowship program director at the Proctor Foundation.

Risk Management

LINDA HARRISON, PHD

Linda Harrison is the VP of Risk Management at OMIC. Dr Harrison has lectured nationally on topics in health care risk management, litigation stress syndrome, physician burnout, and negotiation strategies. She also leads efforts to improve organizational effectiveness through process analysis, re-engineering and implementation, team building, and coaching.

Dr. Harrison received her AB from Smith College, her master's in Psychology and Human Development from Harvard, and PhD in Organizational Psychology from the California School of Professional Psychology.
